

# ATTENTION

## Buyers and Sellers New and Existing Properties

*Are you concerned about the electrical wiring of your premises?*

*Are you having problems with the electrical installation of your property after a Certificate of Compliance has been issued?*

*Have you had electrical repairs or extensions done recently and received no Certificate of Compliance?*

The WCAEIA is an Approved Inspection Body, who are referees not players, and can assist in ensuring that your electrical installation complies with the relevant safety standards.

For further information:
